CROYDE MEDICAL

CROYDE STATIC BED

The Croyde Static Bed provides a comfortable home from home option for your patients and their partners.

The Croyde Static Bed is made to be as homely and practical as possible.

The simple design with high headboard and low footboard gives the bed a homely aesthetic, rather than a clinical one, promoting better sleep for patient and partner.

The mattress is to hospital specification and the wooden finishes are available in a variety of colours.

HOMELY DESIGN

The bed is intended to provide a homely feel to a hospital room. This makes the bed well suited to bereavement suites, where parents want a sympathetic and personal environment.

HOSPITAL SPECIFICATION MATTRESS

The mattress is waterproof, fire retardant and breathable. It is also compliant with cleaning disinfectants, and fitted with a zip, protective flap and welded deam.

CHOICE OF COLOURS

The Croyde Static Bed is available in three different wooden finishes:
White, Cream, or Oak Stain.
