PELVITUB BIRTH POOL KNEELING MAT

The Pelvitub Birth Pool Kneeling Mat is a great multi-functional cushion for birthing pools and delivery rooms.

The Pelvitub Birth Pool Kneeling Mat is a fully submersible mat appropriate for use in birthing pools and delivery rooms.

The mat's crescent design means that it can be used for kneeling, sitting, or squatting either inside birthing pools or in the delivery room.

It is lightweight, comfortable, and completely waterproof with an easy to clean surface.

POOL USE

The Pelvitub Birth Pool Kneeling Mat is fully waterproof, meaning it can be wiped down and used repeatedly without issue.

The Pelvitub is fitted with 9 suction cups to stick to the bottom of the tub without slipping.

DELIVERY ROOM USE

The mat is also extremely versatile.

Outside of the pool environment, it can be used by either the birth giver or medical staff to provide comfort while undergoing the birthing procedure.

CLEANING

The Pelvitub Birth Pool Kneeling Mat is easily cleanable.

It is sealed tightly and is compatible with hospital wipes and solutions to ensure a quick and easy clean after every use.
